EDUCATION

Thapar Institute of Engineering and Technology   **Patiala, Punjab**

B.E. in Electronics and Communication Engineering - 7.35 CGPA   *Graduation Date: Jun 2026*

Minor in Computer Science Engineering

Sunrise Public School, Aspur   **Dungarpur, Rajasthan**

10th - 91.00%, 12th - 97.80%

WORK EXPERIENCE

Zidio Software

Remote Intern   *Mar 2025 - Present*

PROJECT

TechThap   **Website**

ReactJs, JavaScript, NodeJs, Tailwindcss,MongoDB

- Developed a real-time chat application using WebSocket for instant communication, ReactJS and Tailwind CSS for a responsive interface, and MongoDB for secure data management

Route Planner   **Github**

Dijkstra's Algorithm, C++

- Developed a route planner for the Delhi Metro using Dijkstra's algorithm in C++, efficiently calculating the shortest paths between stations.

MNIST Handwritten Digit Classification   **Github**

Python,TensorFlow/Keras, NumPy, Matplotlib

- Built a deep learning model to classify handwritten digits from the MNIST dataset with over 98% accuracy. Implemented a neural network using TensorFlow/Keras, with techniques like dropout and batch normalization for optimization.

Portfolio Website   **Website**

ReactJS

- Leveraged React to build a dynamic and responsive portfolio, incorporating interactive components, smooth animations, and optimized performance for an enhanced user experience.

SKILLS & INTERESTS

Skills: C, C++, JavaScript, Python, ReactJS, NodeJs, MySQL, MongoDB, Postman, VsCode, Git, Github

LEADERSHIP EXPERIENCE

Economics Club,TIET

Member   *Dec 2022 - Sep 2023*

- Proficiency in both business acumen and technical expertise. Contributed to the marketing team and technical team of the major event "The Wolves of Dalal Street."

CERTIFICATIONS

- Attended Reckon 5.0 JIET JODHPUR hackathon, placed in top 15, and received certificate. Website offers categorized, customizable travel packages to help with budget-friendly trip planning challenges
